Bonaccueil Maya Goldwyn is an elite cow that has gained recognition both nationally and internationally in recent years. Maya has made herself a household name, winning top honours at shows across North America. Most notably, Maya was named Supreme Champion and Champion Bred & Owned at World Dairy Expo in 2013, and as a result, was named All-American Mature Cow and Honourable Mention All-Canadian Mature Cow that same year.

In addition to her show ring accomplishments, Maya has also proven herself a hard worker in the milk row. With a lifetime production of almost 80,000 kg of milk, 4.5% Fat and 3.6% protein, Maya has earned two Superior Lactation Awards. She has 10 daughters milking to date, all scored GP or better and making great production records like their dam. It's this ability to transmit both her great conformation and production traits that has earned her 4* to date, with more to come.

Beyond her many show accolades and production awards, Maya currently has seven generations of EX and VG dams, as well as seven VG daughters. Two notable daughters are *Jacobs Sid Mika* and *Jacobs Sid Maika* who both scored VG-87 as two-year olds. Another daughter, *Drolie Doorman Maycy*, was fifth Spring Yearling at World Dairy Expo in 2016. Demand for embryos from Maya's daughters continues to be high both here in Canada and in the US.

At 10 years old, *Bonaccueil Maya Goldwyn* has now been retired from the show ring. However, continued worldwide demand for her genetics, and those of her daughters and descendants, has solidified her status as one of the breed's elite, and will ensure that Maya's legacy continues to grow over the coming years.

Calbrett Shottle Lisamaree is a once in a lifetime cow. She is renowned worldwide and the demand for her genetics is still going strong. A former #1 Conformation female, Lisamaree is an exceptional individual in terms of type, but she also boasts fantastic production with two Superior Lactation Awards to her credit and has produced more than 250 embryos to date.

Most admirable has been Lisamaree's ability to transmit her best qualities to her daughters and their descendants. Her 25 daughters in milk are averaging 14,450 kg of milk with 3.7% fat and 3.2% protein. 100% of her daughters are scored GP or better, with three scored EX and 15 scored VG. Lisamaree owns a 20* brood status so far, but with many more daughters still to come, this number will surely continue to increase.

A daughter of the influential *Lylehaven Lila Z* and a former #4 for GLPI, Lisamaree has begun to leave her own mark on the male side as well, with 12 sons having gone into AI so far. Her sons *Fleury Aztec* and *Fleury G Mega Million* were both awarded Superior Type sire status in 2014. Several of her daughters have a number of sons in AI as well, adding to the long line of influential animals found throughout the family tree.

Over the course of her life, *Calbrett Shottle Lisamaree* has proven to be a consistent model of balance between conformation, production and fertility. She is backed by an influential pedigree, but has wasted no time in making sure that she has left her own mark on the breed through her accomplishments and those of her many descendants.

Dulet Bolton Kirpa

VG-87-3YR-CAN 13* (14/52)

| | |
|-----------------------------------------|------------------------------------------------------------------------------|
| Breeder & Owner | Ferme Dulet Inc., St-Pascal, Que. |
| Best 305 | 3yr. 13,954 kg M 742 kg F 5.3% 469 kg P 3.4% |
| Lifetime | 5 lacts. 88,843 kg M 4,428 kg F 5.0% 3,135 kg P 3.5% Average BCA 281-369-296 |
| 5 Superior Lactations, 1 Super 5 | |

Dulet Bolton Kirpa is a cow that few cows can live up to. At nine years old, she has 13 stars so far, and has earned five Superior Lactation Awards and a Super 5 award – a rare accomplishment for an animal that has spent a lot of time on a flush program! *Kirpa* is still healthy and producing with an exceptional udder, and is set to reach a lifetime production of 100,000 kg in 2017.

In addition to her individual accomplishments, *Kirpa* has a proven ability to transmit her exceptional production and components on to her progeny and their descendants. She has 22 daughters, 100% of which are scored GP or better and an average BCA of 262-302-274. To date, *Kirpa* has up to five generations that are alive and in-milk – proof of the production and longevity this family is capable of.

Kirpa has also left her mark as a bull dam thanks to her many sons and grandsons. Her grandson, *Dulet Kickball*, has become a very well recognized bull in 26 countries on five different continents. Though not proven in Canada, *Kickball* is one of few sires raised in Canada to have been awarded the *Gold Medal Sire* title in the US. Additionally, he is already close to one million sales since his August 2015 proof, and was nominated third best sire in the world by Holstein International in 2015.

Despite her age and production, and the reproduction demands asked of her, *Dulet Bolton Kirpa* has proven that she the picture of balance – a quality that has helped to earn her a nomination into the *2016 Global Cow Contest*. This balance combined with her longevity and transmitting power has certainly helped solidify her as one of the breed's most influential cows.

Kingsway Terrason Allie

EX-95-2E-CAN 3* (11/7)

| | |
|------------------------------|----------------------------------------------------------------------------------------------------------|
| Breeder(s) | Kingsway Farms, Hastings, Ont. |
| Owner(s) | Trent Valley Holsteins, Peterborough, Ont.; Mell-Wood Holsteins and Steve & Todd Mell, Waunakee, WI, USA |
| Best 305 | 6yr. 15,339 kg M 704 kg F 4.6% 507 kg P 3.3% |
| Lifetime | 4 lacts. 63,005 kg M 2,762 kg F 4.4% 2,176 kg P 3.4% Average BCA 249-291-259 |
| 2 Superior Lactations | |

Named Reserve All-Canadian Senior Three-Year-Old in 2006, *Kingsway Terrason Allie* has not only left her mark in the show ring, but her incredible influence can also be seen through the accomplishments of her many descendants around the world.

Over the years, *Allie* stood atop her respective classes each show season. She earned a number of Grand, Reserve and Honourable Mention titles throughout her show career that began as an Intermediate Calf and concluded as a Mature Cow. In addition to her show ring achievements, *Allie* also proved herself in the barn earning two Superior Lactation awards and a Longtime Production award.

Even more impressive than her own accomplishments has been her inherent ability to pass on her exceptional qualities. *Allie's* progeny are winning competitive shows worldwide, and consistently genomic testing higher than parent average. To date, *Allie* and her descendants have combined for 41 national nominations and have earned *Kingsway* three Premier Breeder titles at the Royal. *Allie's* granddaughter, *Kingsway Sanchez Arangatang*, has been nominated All-Canadian four times and is the dam of the #1 type heifer in the United Kingdom. Another granddaughter, *Knowlesmere Goldwyn Abrakaboom* was named Grand Champion of Dairy Day in the UK, while her great granddaughter, *Kingsway Sanchez Armadillo* was sixth five-year-old at the 2016 World Dairy Expo, in addition to being one of Canada's few fourth-generation nominated All-Canadians.

Kingsway Terrason Allie is a cow that has proven her ability to breed true with many outstanding descendants excelling in show rings and barns around the world. As a result, this cow has truly left her trademark "*Allie Stamp*" on the Holstein breed, both here in Canada and abroad.
