

1. From the DairyNet dashboard select the “Herd” tab then “Animal Choice”

The screenshot shows the DairyNet dashboard with the 'Herd' tab selected. The 'Overview' section on the left contains four icons: 'Cattle', 'Cattle groups', 'Animal choice' (highlighted with a yellow box), and 'Work lists'. The 'Actions' section on the right lists seven tasks: 'Enter herd', 'Leave herd', 'Change group', 'Assign admin groups', 'Change farm / farm site', and 'Register'. Below these sections, a horizontal bar displays '10 Cows Due to Calve' and '24 Milk Deviation'.

2. In the top right corner of the Animal Choice page select the “Create” button.

The screenshot shows the 'Animal choice' page in DairyNet. The top navigation bar includes 'DairyNet', 'Dashboard', 'Herd', 'Milking', 'Reproduction', 'Health', and 'Feeding'. Below this, a sub-header contains 'Cattle', 'Cattle groups', 'Animal choice' (selected), and 'Work lists'. In the top right corner of this sub-header, there are three buttons: '+ Create' (highlighted in yellow), 'Export', and 'Import'. Below the sub-header is a search bar labeled 'Name' and a list of various animal management categories such as 'PREG Rate', 'Cows Due to Dry', 'Cows Due to Calve', 'Milk Deviation', 'Lactating cows', etc.

3. Name the report and enter the selection criteria as seen below.
