

CAREERS

Database Administrator/Developer

Brantford, ON

HOLSTEIN CANADA is the largest dairy breed association in Canada, serving our membership of more than 10,500 active dairy producers since 1884. With dynamic leadership and a clear vision, we are building an exciting, tech-friendly future. We offer a strong team-oriented workplace, supportive leadership, and the chance for you to play a role in a major operational project.

YOU tackle challenges head-on. You see the big picture but still enjoy the details. You are deadline driven, responsible and accountable. You're more likely to say "how can we?" rather than "That's not my job." You're motivated by having a high-performing, cohesive team around you.

In this role, YOU WILL:

- Manage application components that interact with the database; conduct application installation, patching, and upgrades; database cloning; building and running data cleanup routines; data load process management
- Support data models and schemas, analyze documentation, and conduct other input gathering activities as needed
- Collaborate with the System Administrator regarding backups, security, patches, replication, etc.
- Development – build queries, store procedures, etc. that meet business needs
- Understand that your role may flex in light of project requirements and your strengths

YOU OFFER:

- Bachelor's Degree in Computer Science or similar, or equivalent work experience
- 5-7 years' progressive experience in IT, including experience with a large Data Warehouse environment
- In-depth knowledge of SQL Server operation and maintenance
- Demonstrated experience with proven success in
 - T-SQL
 - Table partitioning
 - Indexing/Performance tuning
 - SSRS reports and ETL packages in SSIS
 - Multi-Dimensional modelling in SSAS
 - Visual Studio Server Data Tools
 - Data architecture practices, data governance, enterprise architecture
- Experience with Kafka, Azure, Devops, PowerBI, ASP .NET development and C# are all considered distinct assets
