CA (Deviation)			408(+110)	544(+233)	385(+77)	1,337(+420)

*Canadian Champions* are awarded to a Holstein cow that surpasses the previous all-time highest performance for milk, fat, protein, or total BCA in her age-at-calving category. If more than one animal in a given year exceeds the previous highest level, only the top individual will be recognized as a new *Canadian Champion*.

If you wish to view the current list of the all-time highest production *Canadian Champion* cows, visit Holstein Canada's website under *Awards and Shows, Cow Award Lists*.
