Dreams Fulfilled for 20 New Master Breeders!

Brantford, ON January 10, 2011—The year started with plenty of excitement for 20 new Master Breeders who received the thrilling news for the first time today. Sixty-five percent (13) of the recipients are first-time shield winners. Twelve of the award achievers are from Ontario, six from Québec, and two from British Columbia.

Master Breeder is the most coveted award for breeders of Canadian Holstein cattle. It distinguishes herds that have the best ratio for breeding cows that possess the complete package of high production and outstanding conformation. Also relevant are high proficiency in reproduction, health, and longevity.

Congratulations to Holstein Canada's new Master Breeders!

MASTER BREEDER 2010
