## Tradition Continues

**Brantford, ON January 16, 2012**— Holstein Canada is pleased to announce two new *Canadian Champions* for 2011. *Canadian Champions* are awarded to Holstein cows (75% pure or higher) that surpass the previous all-time highest performance for milk, fat, protein, or total BCA in her age at calving category. If more than one animal in a given year exceeds the previous highest level, only the top individual will be recognized as a new *Canadian Champion*.

If you wish to view the current list of the all-time highest production *Canadian Champion* cows, visit Holstein Canada's web site under Awards and Shows, Cow Award Lists.

*Congratulations to the breeders and owners of the new Canadian Champions for 2011!*

---

**LILLIESDALE FBI CHARMED**      EX-92-CAN      CANF7826845      Born: 2006 Mar 7
