

Exporting Dairy Plan Reports

Report Overview

- Contact Holstein Canada Customer Service for a copy of the report file needed to collect breeding and birth information.
- Save the report file onto the DairyPlan Computer at the farm
- It is best to save the report into the C:\DairyPIn folder
- The report is only the framework and it will populate with the most recent data every time it is opened.

Opening a Report

- File should open when you double click on it
- If it doesn't:
 - Open DPList from the Menu
 - Go to S > Evaluation Programs > Report Generator
 - Once DPList is open, then to open any report in DairyPlan choose file and open and browse to the file location
 - Select your report
 - Then choose open

2

- DairyPlan report files end in .rfa

RFA File

Cleaning up Data

- The 124000 section in the Registration number will make it difficult to display the following 9 digits of the number.
- To clear the 124000, select "Find an Replace"
- Type in 124000 and select replace all. This will remove the 124000 from the start of the registration number.
