Ownership

The owner indicated in the Holstein Canada database at the time of animal verification or upon special arrangement with the show officials at the time the animal is exhibited.

Purity

Animals must have a minimum of 75% purity on their official Holstein registration to be eligible to be exhibited.

Junior Breeder's Herd

A junior breeder's herd is a group of three (3) animals that carry the same **prefix**. The exhibitor must solely or jointly own at least one animal in the group; other exhibitors may own the other two animals.

Breeders' Herd

A breeder's herd is a group of three (3) animals carrying the same **prefix**. The exhibitor must solely or jointly own at least one (1) animal in the group; other exhibitors may own the other two (2) animals.

Bred & Owned

Animals whose **prefix** belongs to the owner (or one of the owners). The exhibitor must solely or jointly own the animal.

Production Classes and Awards

Exhibitors must provide show clerks, verified production data demonstrating that the animal meets the eligibility requirements for the desired production award or class. No projections are accepted.

Premier Breeder

Presented to the breeding unit (individual, partnership, or institution) having the highest number of points won in individual female classes with a maximum of 10 animals considered for award calculation. Animals used for the award calculation do not necessarily have to be owned by the winner. Calculation of the Premier Breeder award is determined strictly by the **prefix** of the animal, which can be identified on the Certificate of Registry.

Premier Exhibitor

Presented to the exhibitor/owner (individual, partnership, or institution) having the highest number of points won in individual female classes by not more than 10 animals owned by the exhibitor. This does not limit the number of animals that may be shown. In the case of jointly-owned animals, joint ownership is considered as one exhibitor. No part of the points awarded counts toward the individual score of any of the joint owners.

Point Calculation for Premier Exhibitor and Breeder

	1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th	9 th	10 th
Milking Females	20	18	16	14	12	10	8	6	4	2
Junior Females	10	9	8	7	6	5	4	3	2	1

CFIA Tags

In keeping with national health, bio-security interests, and breed identification rules, all Canadian dairy animals must be security tagged to show—one tag pair in each ear with all four component parts identically numbered. All US animals must carry USDA tags. Moreover, in order for US exhibitors to enter Canada, an import permit must be granted from the Canadian Food Inspection Agency.

Red & White Shows (R & W)

A Red and White animal must show in the Red and White show, if there is one, in order to show in the Black and White show.

Dress Code

Exhibitors will wear a white shirt and white pants when leading animals in the ring.

Show Results on Animal Pedigree

The clerk or person officiating the show must send the results to Holstein Canada. Please send to Linda Ness at lness@holstein.ca. The following results will be added to the animal's pedigree:

Shows less than 75 head: Champions and 1st place

Over 75 head: Champions and top three (3) placings

150 and up: Champions and first five (5) placings

Royal Black & White National Show: Champions and top 10
