## 2018 Canadian Champion For Production

**Brantford, ON** – Holstein Canada is pleased to announce two new Canadian Champions for 2018. The two champion numbers come from one Holstein, Bergitte Bolivia Coquine, of Bertrand Boutin & Fils Inc. from St. Georges, Quebec.

Canadian Champions are awarded to Holstein cows (75% pure or higher) that surpass the previous all-time highest performance for milk, fat, protein, or total BCA in her age at calving category. If more than one animal in a given year exceeds the previous highest level, only the top individual will be recognized as a new Canadian Champion.

If you wish to view the current list of the all-time highest production Canadian Champion cows, visit Holstein Canada's website under Awards and Shows, Cow Award Lists.

Congratulations to the breeder and owner of the new Canadian Champion for 2018!
