Jeff Stephens

Mr. Jeff Stephens is an official judge of all breeds and has judged numerous county, state, and national shows across North America, Europe, and other countries across the globe. He currently lives in Troy, Ontario, with his wife and two daughters next door to the family farm Yellow Briar Farms, where he operates Stephens Genetics. Throughout his years, he has gained international recognition for his dedication to producing high-quality animals and breeding expertise. In 2001, his family won Grand Champion Ayrshire Cow with Yellow Briar Jolly at both the World Dairy Expo and the Royal Winter Fair.

He has always strived to raise, and sell elite cattle, which can include Unique Dempsey Cheers, Fraeland Doorman Bonnie, Payanside Mac, and Cheese, renowned bull mother Vanderburg Amadeo Gorgeous, and Glen Islay Fairytale. While Yellow Briar farms sold out in 2016, Jeff and his youngest daughter have developed a 20 cow-calf pair operation of purebred Angus cattle, with the goal of producing a herd of quality genetics and show-quality cattle. In, recent years Jeff and his daughter have found success within the show ring-winning Champion Intermediate Heifer-Calf at the 2023 RAWF with Stephens Rubys Gemstone 3K.

After graduating from the University of Guelph, Jeff ventured out on his own as a fitter and cattle agent. Supporting the industry and fellow farmers is one way Jeff feels he can give back to the industry. With Jeff's strong connection to farming and his family's dedication to 4-H, Jeff is now a leader in Hamilton-Wentworth. He gives back to the Canadian Association by volunteering his time at youth judging clinics as well as educational seminars with the goal of passing down his knowledge to the next generation. Jeff currently is a semen sales rep in Western Ontario for Blondin Sires, Holdstar Genetic Inc, and Rapid Bay Jersey Sires. He would like to thank his fellow breeders and peers for selecting him to be this year's Royal Agricultural Winter Fair Red and White Holstein official judge.

NATIONAL BLACK AND WHITE HOLSTEIN SHOW JUDGES

ADAM LIDDLE, Argyle, NY

Adam Liddle and his wife, Nicole, own and operate Liddleholme Farm in Argyle, NY with their children, Anthony his wife Kennedy, daughter Layton, son Brock and his fiancé Kaylee, and daughter Hailee and her husband Bob.

Liddleholme a 300 acre farm is home to 70 milking Holsteins, with 37 being Scored Excellent. His breeding is Highlighted by Liddleholme Resurrect Lu Ex97 4E.

Liddleholme has had over 50 All-American nominations and is very proud to have bred or owned an All-American nominee for 14 consecutive years. Adam has judged at the World Dairy Expo five times. He has also judged National Shows in Canada, Brazil, Argentina, Switzerland, Italy, & Australia.

Adam is now employed by Holstein USA as a classifier.

AARON EATON, Tully NY Associate Judge (All Cows in Milk)

Aaron, along with his wife Caitlin and daughters Avery (8) & Evelyn (6) own and operate Eaton Holsteins. Aaron and Caitlin house their cattle and work alongside the team at Currie Holsteins in Tully, New York where he assists with daily operations, cattle development, showing, marketing and genetic sales.

Over the past 20 years, Aaron has been fortunate to manage or assist with several very successful sales, as well as having some success in the show ring. Eaton Holsteins has garnered more than 100 All American or All Canadian nominations, including 9 Holstein, Jersey or Red & White cows named National champions, 11 Heifers named Jr Champion or Reserve at the World Dairy Expo or The Royal winter fair and owning or breeding several high scoring cows, consisting of 1@ EX-97, 3@ EX-96 and 4@ EX-95.

Prior to being at home full time, Aaron has had the opportunity to work with many well-known show herds around the world and also worked as a dairy cattle fitter for 12 years across North America, South America and Europe. Since then, Aaron has had the privilege to judge many state, regional and National shows throughout North America.

Significant Blueprint[®] advantages.

One of the most extensive studies involving trace mineral nutrition in dairy cows was recently conducted at the University of Guelph. 300 cows were split into two groups to compare sources of trace mineral supplementation. The groups were fed the exact same diet – the only difference was the source of trace minerals: one group received Blueprint[®] while the other group received inorganic trace minerals.

The results of this research showed several benefits, including:

- ✓ **Reduction in hoof health problems:** The number of cows affected by hoof problems was reduced by half for those cows receiving Blueprint[®].
- ✓ **Less metabolic disorders:** The use of Blueprint[®] improved energy balance and metabolism, resulting in fewer metabolic problems.
- ✓ **Better embryo development:** One of the main causes of reproductive failure in dairy cows is poor embryo development. The use of Blueprint[®] benefited this process, helping the embryos to develop better and faster, which increases their chance of survival and the chances of pregnancy.

We didn't just design the
6M Series Tractors with you in mind.
We designed them with you by our side.

Before we even hit the drawing board, we talked with farmers, fleet owners and more to learn what they need in a mid-size utility tractor. Visit your **John Deere dealer** to experience the tractor you designed—with more visibility, better maneuverability and more options to fit your needs.

The 6M.
Reimagined by you. For you.
