System and Network Technician

Location: Brantford, ON; Hybrid

Join our Team as a System and Networks Technician at Holstein Canada!

Location: Brantford, ON. Hybrid (2-3 scheduled days per week in office)

HOLSTEIN CANADA is the largest dairy breed association in Canada, serving our membership of almost 9,200 active dairy producers since 1884. With dynamic leadership and a clear vision, we are building an exciting, tech-friendly future. We offer a strong team-oriented workplace that supports personal and professional growth, remote working opportunities, a comprehensive benefits package, and the chance to participate in meaningful projects for Canadian Dairy industry!

You are a tech-savvy problem solver with a passion for ensuring the smooth operation of systems and networks. Holstein Canada, a leading organization in the agricultural industry since 1884, is seeking a dedicated System and Networks Technician to play a pivotal role in maintaining and enhancing our technology infrastructure. As a key member of our dynamic team, you'll have the opportunity to contribute your expertise while receiving valuable mentorship, all within a collaborative and supportive environment.

Under general direction, the System and Networks Technician will act as a technical resource in system administration and development, working alongside other talented technical staff to solve problems, enhance system capabilities, and maintain accurate documentation of our systems.

In this role, YOU WILL:

- Provide exceptional technological support to management, staff, and board members through top-notch customer service and deep technical capabilities.
 - Build and maintain Holstein Canada's technology infrastructure to ensure the highest level of security and uptime.
 - Manage the technology procurement process and provide crucial research for organizational projects and initiatives.
 - Support the System Administrator and ensure optimal operational support for the Association with redundancy in System Administration function.
-

YOU OFFER:

- Post-Secondary Education in System Administration, or a related field
- 3 years working experience in a Systems and Network Technician role
- Special Designations such as MSCE, CompTIA A+, CompTIA Network+, CompTIA Server+, CCNA or Microsoft Azure Administrator
- Experience in technologies like Windows Servers, SAN, Linux, Mitel, VoIP, Networking, Office 365 Admin, Azure, VMWare, VEEAM, FortiGate Firewalls and Active Directory
- A personable, proactive, collaborative attitude along with a technically proficient skillset
- Bilingual (English & French) is a distinct asset.

Join Holstein Canada and be part of our dedicated team that's driving innovation in the agricultural sector. Apply now and let's grow together!
